On
Library Automation System
Using
KOHA
[NWLASK-2019]
November 16 - 17, 2019

Program coordinators

Mrs. Sumita Ghosh and Dr. Nagma Khatoon

Organized by

**Usha Martin University, Hardag, Ranchi,
Jharkhand, India**

Usha Martin University, Ranchi: Usha Martin University is dedicated through offer of high quality education for sustainable inclusive development of society in the state of Jharkhand. Usha Martin University has set benchmarks for itself to take this society from stagnation and poverty to dynamism and prosperity, from marginalization and deprivation to empowerment and recognition and from ignorance and delusion to enlightenment and liberation through offer of education.

Usha Martin University was set up in 2012 vide Usha Martin University, Jharkhand Act 2012, to carry its mandate of providing inclusive quality higher education in different fields for sustainable development of the society in the state of Jharkhand and be in conformity with the priorities of the Ministry of Education, Govt. of Jharkhand. The University is duly recognised by the University Grants Commission under Sec. 2(f) of UGC Act 1956 as a self-financing Private University. Usha Martin University offers a wide range of programmes across disciplines and at various levels of Diploma, UG, PG and Ph.D. programmes.

UMU Library: The UMU Library serves as a model of an evolving and dynamic facility for learning since 2012. The Library has a separate Internet section consisting of a number of networked terminals for providing recent and most comprehensive access to online journals, online databases and other online reference resources to the

faculty, students and staff under Intranet and Internet environment. The Central library has automated all its routine activities through library software “KOHA” and also extended the scope of various services like CD-ROM database search, OPAC and Web based OPAC.
